

DIRT TO FLY ON MALAD VALLEY

All Deeds for Rights of Way Have
Been Signed Up.

SOME CHANGES IN ROUTE.

In the Meantime an Immense Accumulation of Material for Sugar
Factory is at Corinne.

Within the next two or three days, and possibly even earlier than that, dirt will begin to fly on the grading for the new Malad Valley railroad stretching from Corinne to Garland, the site of the new sugar factory.

At the office of the Utah Sugar company this morning it was learned that all the deeds for rights of way had been finally signed, and the Oregon Short Line engineering department had been notified that the last obstacle was now removed to the commencement of work. The contract has been let, as stated in yesterday's "News," to the Utah Construction company of Ogden, which has a force of men in readiness to commence operations.

Some material changes in the route have been determined on in the last few weeks. The line will now start from Corinne and go directly northwest 3 1/2 miles, with hardly a turn or deviation. This point will be from 1 1/2 miles to 2 miles west of Bear River city, whose people will, therefore, have much closer railroad connection than hitherto, as they have always been under the necessity of crossing the Bear river, and traveling either to Honeyville or Brigham City to reach the railroad. From the point named the line runs directly north to the outside of Garland, where the sugar factory is to be located. An immense accumulation of machinery and other freight is now stored at Corinne and is constantly being added to, so that there is every need for pushing the railroad to immediate completion.

FORTY NEW ENGINES.

Union Pacific Will be Out of Woods
When They Arrive.

With the arrival of 40 new engines that have been ordered by the Union Pacific and are to be delivered within the next six weeks it is believed that the troubles of the motive power department will be to a great extent over and the problem of getting trains through on time will be somewhat solved.

"While 100 engines could be used to advantage," said an official who is in touch with the situation this morning, "if those locomotives that have been ordered are delivered on time the strike had the effect of upsetting things in the motive power department but the new men are catching the stride and everything is going along swimmingly now with the result that the Union Pacific has lately been doing very well in keeping to its time schedule. The great trouble is that in a number of cases the strike of the Southern Pacific have been laid on the shoulders of the Union Pacific."

AUDITOR'S NARROW ESCAPE.

Painful Accident to Mr. McNitt of
Oregon Short Line.

Auditor McNitt of the Oregon Short Line is walking around today with a high action on the leg. His friends also are dropping dark hints regarding a very narrow escape from death, also of a narrow escape for all hands to chip in \$2 apiece for floral emblems. It appears that Capt. Henderson of the Utah division has become puffed up with pride owing to his prowess in the ten-pin class. Henderson, who has been rolling the balls during the winter, has developed a stunning action with attendant big scores that makes him the terror of the bowling alley precinct. Genial McNitt, it is averred, also has championed his aspirations loudly away in that gentle 45 break of his. Accordingly the two rivals met at the Bismarck alleys and the grand contest for the championship of the Oregon Short Line was in order.

McNitt's guardian angel whispered to him to keep his hat on. That was the only thing that saved his life. McNitt took a short run and swung his right arm and the heavy ball. The next instant his legs shot from under him, he landed on his hat brim at the back of his head and the subsequent proceedings interested him no more. Sir Simon says he will never know to his dying day how the floor stood the strain.

Just as soon as Mr. McNitt gets into condition again the championship game will be pulled off so as not to disappoint the large aggregation of partisans of both competitors.

Montana Improvements.

Among the improvements that have been mapped out by the Oregon Short Line for this year is the fixing up of the main line between Butte and Dillon in the direction of reducing grades and curvatures and in some instances building short cut-offs. A party of engineers has been in the field for some weeks looking over the ground and getting ready for the construction gangs.

Railroads and Beet Industry.

The Fort Collins (Colo.) Express recently printed some figures, received from an official of the Colorado & Southern Railroad company, which furnish convincing proof that railroads will do well to encourage the location of beet sugar factories along their lines. The figures apply to a single beet sugar factory, located at Loveland, Colo., and refer only to the business added to the railroad during the past campaign. According to these figures the company hauled to the factory 213 cars of line

25 cents per pound.

Hewlett Bros. Co.

rock, 500 cars of coal and 3,121 cars of beet, making a total of 4,294 cars of freight. It transported from the factory 350 cars of sugar and 41 cars of beet pulp, a total of 391 cars; a grand total of 4,685 cars of freight handled. There are still several hundred cars of sugar and beet pulp to haul away before the end of this season.—Beet Sugar Gazette.

SPIKE AND RAIL.

Traffic Manager Dush, of the Colorado Midland, is expected to arrive in Salt Lake Saturday on his way through to Honolulu.

Traveling Passenger Agent Ridd, of the Rio Grande escorted the choir down from Ogden this morning on their return from California.

The American Car & Foundry company is building a handsome private car for Russell Harding, vice president and general manager of the Missouri Pacific.

General Passenger Agent D. E. Burley of the Oregon Short Line, returned today from a vacation spent in Honolulu.

District Passenger Agent Drake left last night for Pocatello. Traveling Passenger Agent Bickel went to Colorado Springs and Traveling Freight Agent Traversella to Boise.

The Union Pacific has let contracts for doubling 14 miles of its track, 10 miles of it being in Wyoming. This will have the effect of materially cutting down the running time when the improvements are perfected.

A CUP OF TEA.

It Finds Heavy Favor Among Women

Hundreds of ladies have availed themselves of a cup of tea, deliciously brewed, when sightseeing and shopping at the new hotel store. When asked what is more refreshing? Keith-O'Brien company hit a happy idea when the tea room was decided upon. It is a cozy little retreat.

FIREMEN'S FIRE FIGHT.

John Stabb and Ora E. Maddie Indulge in Fistic Encounter.

John Stabb, captain of the ladder crew of the Salt Lake fire department, and Ora E. Maddie, assistant electrician, undertook to enter an argument with their bare knuckles yesterday afternoon and but for the prompt arrival on the scene of Capt. Workman the affair would undoubtedly have become exceedingly lively. As it was Stabb got a couple of pokes on his forehead and nose, while Maddie escaped serious injury. In the absence of Chief Devine, who is in Cache county, no official investigation has yet been made of the unfortunate affair.

As far as can be learned of the affair Stabb gave Maddie an order yesterday afternoon while the latter was reading a paper. This order was ignored by the electrician with the result, Stabb repeated by adding something regarding physical culture exercises by way of inducement. Maddie seeing Stabb in a threatening attitude promptly commenced to mix matters until Capt. Workman appeared on the scene and parted the two men.

OFFICE OF STATE CHEMIST.

Created by New Law—in the Interest
Of Public Food.

The last Legislature made the following law, which creates the office of state chemist, in the interest of pure food:

An act creating the office of state chemist, defining his duties and fixing his salary. Be enacted by the Legislature of the State of Utah:

Section 1. The office of state chemist is hereby created. Such chemist shall be appointed by the governor, by and with the consent of the senate, and his term of office shall be for two years from date of his appointment, and vacancies occurring in the office from any cause, shall be filled by appointment, for the balance of the unexpired term.

Sec. 2. The salary of the chemist shall be \$1,000 per annum, which shall include all expenses incurred in the discharge of his official duty.

Sec. 3. It shall be the duty of the chemist to analyze all articles of food and drink manufactured, sold and used, within this state, when submitted to him by the state dairy and food commissioner, and to make a biennial report to the dairy and food commissioner, which report shall contain a record of all analyses made by him and such other information as he may consider of value and interest.

Sec. 4. This act shall take effect upon approval.

AMUSEMENTS.

At the Theater tonight the widely discussed problem play entitled, "The Second Mrs. Tanqueray" will be given for the first time here. Miss Rose Coghlan assuming the leading role.

Tonight will be an interesting one at the Grand, and it will witness the first presentation of the new play entitled, "The Wrong Mrs. Aymer," written by Frank Matthee, author of the libretto of "The Prince and the Peasant." Mr. Matthee has personally staged the production, and will manage it tonight.

All next week will be occupied at the Grand by "Pinnigan's Mail," presented by the same company that made so pronounced a hit here last October.

LATE LOCALS.

Secretary Cox of the Y. M. C. A. has heard from International Secretary F. B. Smith at Portland, where he is located on an immense building.

Fish Commissioner Sharp begins next week to distribute young fish, and on Tuesday will send 100,000 young trout fry to Weber county.

The management of the Keith-O'Brien company state that the great store would have been opened as first advertised, on March 19, but for difficulties with the labor unions.

The local business agencies received word this morning of the failure of the Gold Mountain Supply company at Kimberly, Utah, and the appointment of E. J. Wilkinson as trustee in bankruptcy.

Undertaker Evans located the relatives of the late William McElitton at Leadville yesterday afternoon, and they directed the burial to take place here. The funeral will be held tomorrow at 10:30 a. m.

James Carroll and J. B. Stoner, the men who were recently arrested by deputy United States marshals for breaking into the Murray postoffice, had their preliminary hearing before Commissioner T'wombly this afternoon.

Two cases of smallpox were reported to the board of health today and were removed to the isolation hospital. They are: W. A. Brown, aged 31, 10 Thompson court; Robert Marchant, aged 22, 215 Third East.

The spring rains are beginning to fall over the western section of the continent, and there was small shower in this city last night. The heaviest fall of yesterday was at Santa Fe, 4.4 of an inch. Fair weather is expected for the next 20 hours.

Acting under orders, Officer Parry last night arrested Carl H. Meyer, proprietor of the Zang's saloon on Second South, on the charge of permitting minors to be in his saloon and pool room. It is alleged that a large number of fellows under the age of 20 years were in the place at the time, and that they have been in the habit of congregating there nightly.

Organist McElitton played on the new great organ in the First Congregational church at Oakland, which approximates \$2,000. McElitton is a native of Leadville, and he was delighted with it. He also played on the Stanford university organ. McElitton was the resident of many countries from prominent musicians in San Francisco, Los Angeles and other large centers where he stopped.

Private Joseph Owen of troop A, national guard, was the hero last night of a court-martial for persistent drunkenness, and a fine of \$15 was assessed against him. This with a former uncollected fine will lighten the burden of the soldier to \$25, and if he doesn't pay he will make the acquaintance of the sheriff. Four attendances were made last fall and winter to find Owen, but he could not be located.

Word has been received in this city that Captain Summers has been commissioned captain of fifth state troop, Georgia national guard. As the captain still holds his commission in the United States army, Adjutant Burdon will inform the adjutant general of the state of Georgia of the fact. Captain Summers' property accounts yet to settle with the national guard quartermaster of this state.

COURT NOTES.

Judge Morse has granted Mrs. M. M. Dowley a divorce from M. M. Dowley on the ground of desertion. They were married at Wichita, Kansas on Nov. 13, 1888.

Adelbert W. Christian has filed suit for divorce against his wife, Anna R. Christian on the ground of desertion. They were married in Kansas on Dec. 21, 1888 and on Nov. 29, 1899 it is alleged defendant deserted her husband.

The will of John Waldfogel, deceased, was filed for probate in the district court yesterday afternoon. The estate is valued at \$13,000 and according to the terms of the will, the decedent's daughter, Ida, receives \$2,000, the First Methodist Episcopal church receives \$1,000 and the residue is left to Mrs. Esther Waldfogel, the widow, who is named in the will as executrix.

Art Work and Advertising.

It would be to the advantage of a good many of the business houses of Salt Lake City to communicate with Barnhart and Swanson, 101 New Montgomery Street, San Francisco, in regard to the preparation of their advertising copy.

This firm makes a specialty of art work and booklets. They have a large staff of artists and can draw and make illustrations for every purpose. They have had a good many years of experience in advertising all kinds of business and have met with unusual success in making the advertisements of their clients profitable. Their cuts and engravings are probably the best that are made in California.

In their art department, they do a large business with printers, getting up fancy letterheads, cover designs, labels, etc., for the trade. They are the only concern in the west catering aggressively to this business.

Today's local bank clearings amounted to \$1,000,000.12, against \$1,047,657.91 for the same day last year.

WESTERN MARKET LETTER

Special Correspondence.

Kansas City, Mo., March 23.—Total cattle receipts this week amount to 31,749 head, against 21,657 head for the corresponding week last year. Dressed beef men were good buyers of live cattle and prices showed very little change from day to day. All weights of fat steers closed the week steadily with previous weeks close, although the week's supply showed a liberal proportion of corn cattle. The run of quartered beef was small, of good cows ample, too many canners and a fair proportion of stockers and feeders. Fat cows sold dull, bulls are 10 to 20 cents lower, and stockers and feeders sold steady the first half of week, but lost 10 to 20 cents towards the close.

Western cows sold at \$3.50 to \$3.50 during the week and western fed steers, up to \$4.50. Top on native steers was \$5.25. Numerous sales of stockers and feeders were made at \$4.00 to \$4.50, and one bunch of fancy blacks sold at \$5.00. Some 516 western feeders sold at \$4.40 Tuesday. Other sales of westerns were from \$3.60 to \$4.00.

The run today is moderate at 5,000 head, a decrease of 3,000 from a week ago. Lower reports from eastern markets served to prevent any advance in prices here, but the market was fully steady on fat steers and good cows and strong on stockers and feeders.

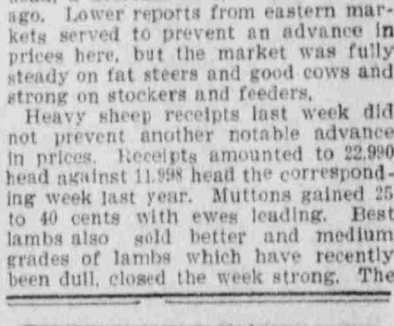

Heavy sheep receipts last week did not prevent another notable advance in prices. Receipts amounted to 22,990 head against 11,998 head the corresponding week last year. Muttons gained 25 to 40 cents with ewes leading. Best grades of lambs which have recently been dull, closed the week strong. The

Acquaintance-Making

WE ARE not urging sales this week,

although yesterday again there was heavy selling. It is our wish that the whole week be an informal opening, as it were, devoted to sight-seeing and acquaintance-making. We are pleased to see visitors and to have them feel that they are not expected to make purchases. The store was thronged all day yesterday. Visitors had possession, and wandered about at will.

That which touches us most is the expression of good feeling toward the store, and the universal wish that the City is large enough to support the enterprise. We feel that it is.

Continued good feeling is necessary; and right prices make good feeling.

Keith-O'Brien Company.

market today is a good 10 cents higher, indicating another good week. The Parrott ewes, from St. Marys, sold at \$5.50 today, weighing 88 pounds, 20 cents higher than last Thursday; A. Forder, La Junta, sold two double docks of lambs today, 82 pounds, at \$7.15, a very satisfactory price. W. L. Booth, Edgerton, Kan., sold 223 Mexican wethers this morning, 95 pounds, at \$6.00. Yearlings brought \$6.25 today. Shippers may expect these high prices for the immediate future, as the wonderful demand for mutton seems unabated.
